Cooking Up A Storm

There's a first time for everything.

Sitting on the couch, guitar on his lap, Izzy patiently waited to hear the four little words he'd dreamed of for so long. He'd been waiting all day for them, the anticipation growing. Quietly he plucked at the strings, fingers making random melodies, head cocked and ears listening.

They'd been together since they were young, schoolyard sweethearts, yet he'd never heard those words. Never had Axl uttered them, even when Izzy had pushed. Yet today he'd hear them.

He grinned when a sigh come from the kitchen.

"Izzy, your dinner's ready!"

Motherfuckin' perfect!
